ILLUMINATING ENGINEERING

Annual Indexes

Volume LXI

January-December 1966

These indexes cover the text of the 12 issues of ILLUMINATING ENGINEERING for Vol. LXI, calendar year 1966.

1. **Subject Index**

   Index by title and subject of all papers, discussions, data sheets, technical committee reports and general articles.

2. **Author Index**

3. **Lighting News**—Subject Index

Page Numbers by Issues

January	1-57
February	59-121
March	123-174
April Section I	176-289
Section II	291-323
May	325-389
June	391-443
July	445-491
August	493-533
September	535-602
October	603-666
November	667-708
December	709-764

JANUARY 1967
In Two Sections
Section II

1. Subject Index

A

Abstracts of 1966 IES Conference Papers 541
Accurate Maintenance Factors — Part Two (Luminaire Dirt Depreciation) 37
Air Conditioning
  Lighting and Air Conditioning 123
  Role of the Supply-Air Plenum in Interior Zone Recessed Illumination Systems 528
An Architect Looks at Heat/Light 158
Applications—Progress in, 1965 11
Applications of High-Intensity Sodium Discharge Arc Lamps (abstract) 570
Applied Lighting Competition 1966, Winners 667
Applied Lighting Competition Entries
  Architectural Lighting in a Store 460
  Automobile Agency 67
  Church Facade 406
  Church from Invisible Sources 724
  Classroom from a Pyramidal Ceiling 397
  Dam (Skyhook) 59
  Do-It Yourself Kitchen Lighting—4th Residential 718
  Dramatic Lighting for a Functional Building 616
  Elegant Lighting for a Fur Store 295
  Fortress to Library 70
  Georgian Bank 69
  Hangar 448
  Houston Astrodome Gets Controlled Lighting—4th Commercial-Industrial 715
  Incandescent in the Kitchen 612
  Industrial Lighting With Office Lighting Techniques 31
  Industrial Plant 503
  Landscape Lighting 340
  Light Takes Off in Space—2nd Commercial-Industrial 673
  Load Dispatching Center 325
  Lobby that Welcomes Visitors 445
  Maintenance Lighting for Diesel Locomotives 511
  Modern Uses of Lighting Within a Modern Style—2nd Residential 681
  Modern Uses of Lighting Within a Traditional Style—1st Residential 677
  Module Design of an Industrial/Residential Area 452
  Monastic Chapel 308
  Motor Inn Facade 63
  New Slant on Dental Lighting 291
  Night Football 607
  One-Twenty Madison Building 27
  Parking Lot 299
  Recorded Heart Beats 721
  Residential Innovations 458
  Residential Landscape Lighting 72
  Residential Lighting—Family Room 34
  Ribbon of Light 311
  Security Lighting in a Home 404
  Sidewalk Uplighting 64
  Solution to a Maintenance Problem 512
  Spatially Designed Home 493
  Staging Merchandising Display 302
  Tiger's Cage 334
  Toronto's New Skymark, 3rd Commercial-Industrial 709
  Updating a Movie House Marquee 500
  Used Car Lots 506
  Utility Company Tells Its Story with Light, 1st Commercial-Industrial 668
  Visually Comfortable Office 306
  Well-Lighted Hospitals 400
  When the Structure of a Bank is Anti-Lighting 609
Architectural Lighting in a Store..... 460
Assembly Room, Lighting a Recreational 379
Astrodome Gets Controlled Lighting 715
Atlanta Municipal Stadium, Dual-Purpose Floodlighting for 319
Audiovisual Areas in Schools, Guide for Lighting 477
Automatic Screen Lumen Photometer (abstract) 576
Automobile Agency 67
Automobile Body Repair Shop 359

B

Back to Incandescent in the Kitchen 612
Ballast, Computer Design Analysis of the Leakage-Reactance 285
Banks
  Modern Lighting for a Georgian Bank 69
  When the Structure of a Bank is Anti-Lighting 609
Biography—Clarence C. Keller 603
Bridge Lighting
  A Ribbon of Light 311
Busch Memorial Stadium 604

C

Calculating the Performance of Luminous Ceilings by the Zonal-Cavity Method 693
  (abstract) 546
Calculational Procedure for Design of Luminaire Layouts Providing Equal Visual Performance 271
Can Infrared Improve Visibility Through Fog? 243
Cavity Reflectance Charts 215
Characteristics of Incandescent Lamps for Theatre Stages, Television and Film Studios 464
Church Lighting
  Church Building Entrance Terrace 753
  Church Facade 406
  Lighting a Church from Invisible Sources 724
  Monastic Chapel in a New World of Lighting 308
  Solution to a Maintenance Problem 512
Circuits and Applications for Portable and Emergency Lighting Using Fluorescent Lamps (abstract) 566
Classroom from a Pyramidal Ceiling 397
Color in Theatre and Television Lighting 342
Color Preference Studies, IERI Project 48, Review of 391
Color Rendering Index, Simple Empirical Method for Measuring..... 266
Computer Center, Four Hundred Footcandles—Key to Comfort in 686
Computer Design Analysis of the Leakage-Reactance Ballast 285
Computer Design of the Constant-Wattage Choke-Capacitor Ballast (abstract) .. 564
Computing Illumination, Infinite Plane—Luminance Difference Technique for 205
Computing Visual Comfort Ratings for a Specific Interior Lighting Installation 634
  (abstract) 547
  (discussion) 763
Conference Papers 1966, Abstracts of..545-584
Configuration Factors for Computing Illumination Within Interiors (abstract) 546
Contemporary Plastics in Outdoor Lighting (abstract) 563
Control Rooms, Dispatch Office 169

D

Dam, Lighting for 59
Data Sheets
  Assembly Room 379
  Automobile Body Repair Shop 359
  Church Building Entrance Terrace 753
  Desk for Home Study 415
  Family Room 407
  Library 727
  Power Dispatch Office 169
  Stock Brokerage Room and Board 707
  Storage Area 317
  Truck Loading Dock 702
  Woodworking Shop 692
Daylighting, Veiling Reflection Studies 361
Dental Lighting, New Slant on 291
Designing a Visually Comfortable Office 306
Desk for Home Study 415
Difficult Industrial Seeing Tasks and How to Light Them (abstract) 571
Dimmers for Incandescent Lighting Control, Evaluation of the Characteristic Curves of 320
Direct-Glare Evaluation by the Visual Comfort Probability Method 177
Direct-Recording Spectroradiometer for Light Sources 230
Discussion of Previously Published Conference Papers
  Influence of Sight Line on BCD Judgments of Direct Discomfort Glare—Willard Allphin (October IE, p. 629) 762
  Computing Visual Comfort Ratings for a Specific Interior Lighting Installation—Sylvester K. Guth (October IE, p. 634) 763
Do-It-Yourself Kitchen Lighting 718
Dramatic Lighting for a Functional Building 616
Dual-Purpose Floodlighting for Atlanta Municipal Stadium 319

E

Economics of Heat-of-Light Design 152
Editorial—Our 60th Birthday 1
Education of the Environment Engineer 157
Education—Progress in, 1965 21
Educational TV Show to Explain Laser and Other Advances in Science 475
Effect of Flashing on Lamp Life 526
Effective Cavity Reflectance Charts 215
Effective Reflectance of Room Cavities with Specular and Diffuse Surfaces 189
Electrical Space Conditioning In a Remodeled Office Building, Some New Concepts for 160
Electroluminescent Lamp Brightness as a Function of Construction and Excitation Parameters 278
Elegant Lighting for a Fur Store 295
Evaluation of the Characteristic Curves of Dimmers for Incandescent Lighting Control 320
Eye Movements, IERI Review of 393

F

Factories—see Industrial Lighting
Family Room 407
Family Room, Residential Lighting in a 34
Filament Lamps for Improved Vibration Service Life, Tungsten-Rhenium Alloy 386
Financial Statement IES, 1965-1966 734
Flashing on Lamp Life, Effect of 526
Flexible System of Evaluating Luminaire Brightnesses (abstract) 522
Floodlight Photometry Without Special Photometer and Without Tipping Luminaire—A Computer Application (abstract) 579
Floodlighting
  Atlanta Municipal Stadium 319
  Corporate Building 614
  Houston Astrodome 715
  Industrial Plant 503
  Light Takes Off in Space 673
  Motor Inn Facade 63
  Parking Lot 673
  Skyhook 59
  Toronto's New Skymark 709
  Utility Company Building 668
Fluorescent Lamp, Spectral Design of the 40-Watt 381
Flux Contrast—Field Investigation with Proposed Standard Task..... 353
Fog on Turnpikes, Guidance in 251
Fortress to Library . . . via Lighting Design 70
Four Hundred Footcandles — Key to Comfort in Computer Center 686

G

Garden Lighting 340
General Secretary's Report—1965-1966 729
Glare Evaluation System 347
Glare from Large Sources, IERI Project 59-64, Review of 394
Glitter in Illuminating Engineering (abstract) 571

Good Library Lighting Reaches Down to the Lowest Shelf 402
Ground Illumination Using Airborne Electrical Lamp Sources (abstract) 583
Guidance in Fog on Turnpikes 251
Guide for Lighting Audiovisual Areas in Schools 477
Guides to Stage Lighting Control Systems for High Schools, Colleges and Television Studios 409

H

Halogen Cycle Lamps for Existing Lighting and Optical Control Systems (abstract) 556
Hangar Lighting 448
Heat Lamp, Quartz-Iodine Infrared 47
Heat Radiation from Incandescent Downlighting 171
Heating with Light
  Architect Looks at 158
  Bank 151
  Computer Center 686
  Dental Office 151
  Drafting Room 145; 149; 150
  Economics of 152
  Lighting and Air Conditioning, Recommended Practice 123
  Offices 143; 147; 149; 150; 160; 396
  Role of Supply-Air Plenum 528
  School 143
  Sports Arena 146
  Stores 145; 149
  Successful Examples of 148
  Water-Cooled Luminaires 754
High-Brightness Red Fluorescent Lamps 236
High-Intensity Sodium Lamp Design Data for Various Sizes (abstract) 560
Home Lighting—see Residential
Hospital Lighting
  Lighting for Hospitals 417
